FEATURES

POWDER COATED FINISH

All OrnamentalVista aluminum fences feature our architectural grade powder coated finish that meets and exceeds AAMA 2604 specifications. Your fence is guaranteed not to chip, peel or flake.

INTERNAL LOCKING DEVICE

OrnamentalVista fencing panels feature an internal locking device system that locks the panel together from the inside of the rail so your fence looks great on both sides with no unsightly visible screws.

RACKABLE TO FOLLOW TERRAIN

OrnamentalVista panels have the ability to rake, or follow the varied terrain of your landscape, up to 36" for 6' wide panels and up to 48" for 8' panels.

BOTTOM RAIL OPTIONS

OrnamentalVista aluminum fencing offers two bottom rail options depending upon panel styles and heights. "Thru Bottom Rail" features pickets descending past the bottom rail to the ground. "Flush Bottom Rail" — also referred to as "drop rail" — allows a panel to meet code regulations by increasing the distance between rails while maintaining a desired height.

CT30-6

Closed Top

UNIVERSAL

Closed Top, or flat top panels, are available in all 2 grades of OrnamentalVista fencing. Panels range in height from 3' to 6', are available in 6' and 8' widths and feature 2, 3 or 4 rail styles.

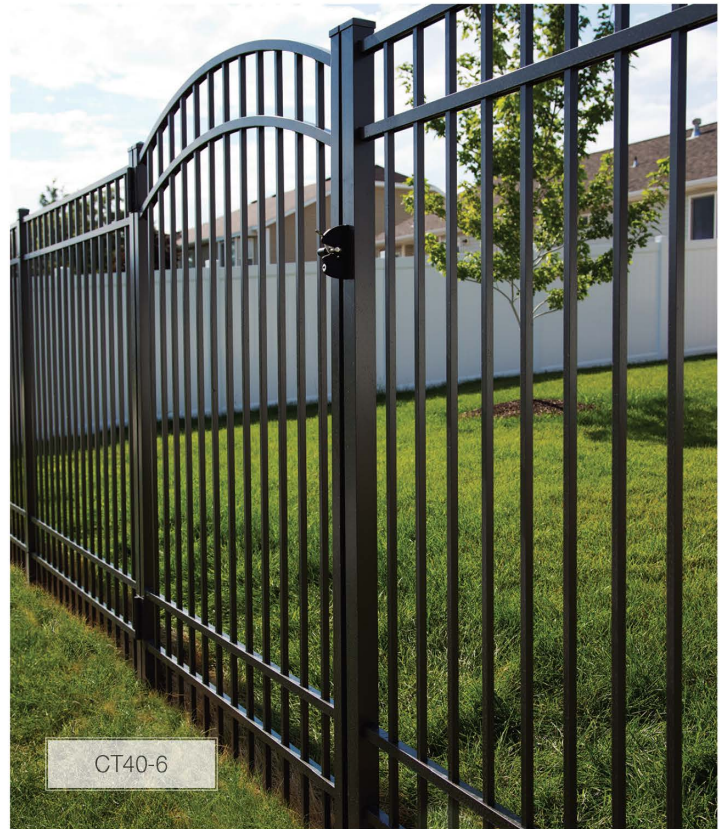

The Closed Top panel complements any home or business.

CT20-6

CURB APPEAL

Closed top fence panels are sleek and modern, providing safety, security, containment and style.
Available in 3', 4', 4½', 5' and 6' heights and 6' and 8' widths.

Closed Spear Top

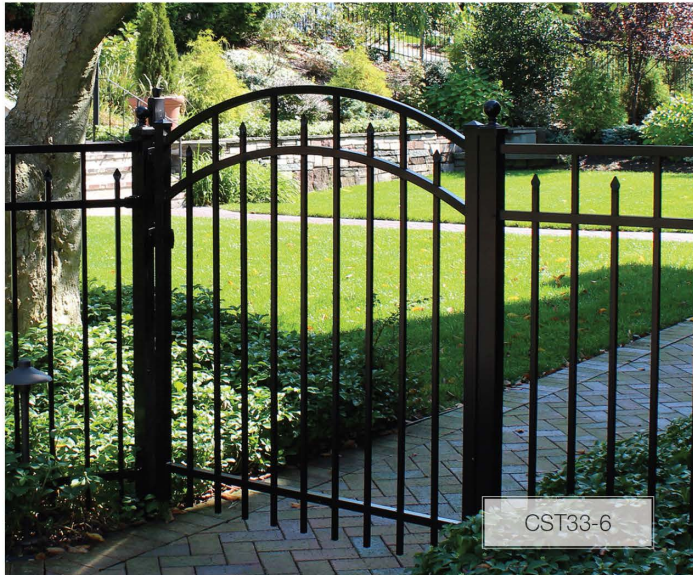

MODERN TRADITIONAL

The Closed Spear Top is an updated version of the classic spear style. Clean, sleek lines surround the traditional spear picket for a look that is stately yet contemporary.

CONTEMPORARY STYLES

Closed spear top and closed top fence panels are a contemporary twist on a traditional spear picket style. Available in 3', 4', 4½', 5' and 6' heights and 6' and 8' widths.

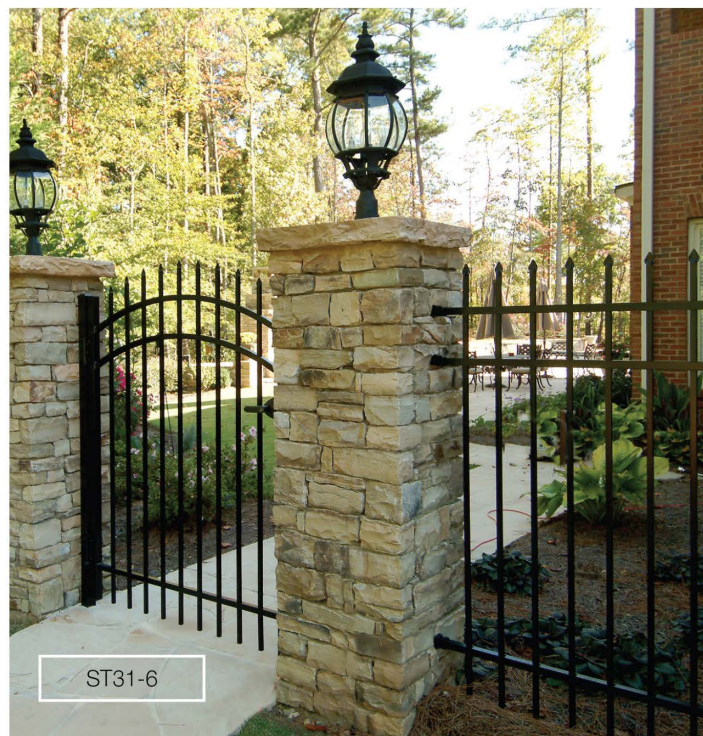

Spear Top

TRADITIONAL

For the timeless look of a traditional fence, consider the spear top. This classic aluminum fence offers benefits of low-maintenance, with an elegant feel.

Our through-the-rail picket design creates a “good neighbor” fence that’s equally attractive on both sides.

PP40-6

Puppy Picket

INTRODUCING OUR NEW PUPPY PICKET

Keep small pets safe with our puppy picket aluminum fence style. This design is available in 4', 5' and 6' heights and offered in 2 colors — black and bronze with white available as a special order only.

Each 6' wide panel, features a top section with standard picket spacing of $3\frac{7}{8}$ ", while the bottom is a tighter fit with double the number of pickets and spacing of $1\frac{1}{2}$ ".
